

BULLDOG BULLETIN

HANCOCK MIDDLE SCHOOL

May 2023- Trimester 3

Just like that we are suddenly done with a full school year! It didn't feel like we had much of a Spring and then all the sudden we were hit with beautiful weather in the final weeks of the school year. Energy was high and students were looking forward to summer, but our teachers worked hard to keep everyone active and engaged even when their minds were drifting away from school and towards summer break.

This summer we will be working on some changes in the school and it will be exciting to be able to offer some new electives and opportunities for students in the upcoming school year. We will be getting 3D printers, routers and more using money from the Bond that passed last Fall to create a PHABLab in the middle school. We have teachers making plans and taking classes to be able to do some pretty unique, cutting edge, and real-life applicable things with students!

Most of this newsletter will have pictures showing our end of the year activities, projects and awards for students. Please take a moment to look through it and see all the great things that happened as we closed out the 2022-2023 school year! Good luck to our 8th graders as they enter high school in the Fall!

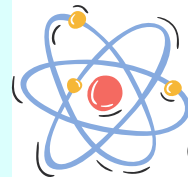

Sincerely,
Hannah Asiala - Hancock Middle School Principal

Bulldog Award
Voted on by teachers; a student who consistently lives up to our LEAD expectations every day.

6th grade: Adelyn Pietila
7th grade: Trent Pietila
8th grade: Monica Hall

Principal's Award

Trent Beaudoin

Science-Minded Student

Chloe Bastian, Abby Bradway, Noah Osborne, Fynn Pennala, Jordan Silverson

Excellence in Social Studies

Caleb Young, Dean Pennala,
Carter Wouri

Pictured Rocks

Cruise
8th Grade

6th Grade Science students were "Pop Engineers" and made fully operational pop machines in class!

Summer School

Where: Hancock High School
When: 9:00am-12:00pm Mon-Thurs
June 19-Aug 2

*No class on July 3 or 4

*Lunch will be provided

8th Grade

Chloe Bastian Marie Thompson Carter Wouri

Academic Excellence

(top academic student in each grade)

6th Grade: Loralee Levanen and Isaac Oja

7th Grade: Liam Erickson

8th Grade: Carter Wouri

Mr. Benges's classes held the first annual STEM-pire Games!

7th Grade STEM students created structures in class. 8th Grade Algebra students made catapults. Then they used the Algebra they learned this past year to shoot paint balls at other group's structures to see if they could hit them!

Congrats to our Students of the Trimester

6th Grade:
Brooke Pakkala

7th Grade:
Abby Bradway

8th Grade:
Marie Thompson

Intelligence plus character — that is the goal of true education.
